BETTER THAN CALOMEL

Thousands Have Discovered Dr. Edwards' Olive Tablets are a Harmless Substitute

Dr. Edwards' Olive Tablets—the substitute for calomel—are a mild but sure laxative, and their effect on the liver is almost instantaneous. They are the result of Dr. Edwards' determination not to treat liver and bowel complaints with calomel. His efforts to banish it brought out these little olive-colored tablets. The pleasant little tablets do the good that calomel does, but have no bad after effects. They don't injure the teeth like strong liquids or calomel. They take hold of the trouble and quickly correct it. Why cure the liver at the expense of the teeth? Calomel sometimes plays havoc with the gums. So do strong liquids. It is best not to take calomel, but to let Dr. Edwards' Olive Tablets take its place. Most headaches, "dullness" and that lousy feeling come from constipation and a disordered liver. Take Dr. Edwards' Olive Tablets when you feel "lousy" and "heavy." Note how they "clear" clouded brains and how they "perk up" the spirits. 50c and 25c a box. All druggists.

TO MARKET BEER WITHOUT U. S. SEAL

SYRACUSE, April 7.—Refused revenue stamps for beer made since December 1, regardless of its alcoholic strength, local brewers declare they will place 2 1/2 per cent beer on the market without the Government seal and force a test of the constitutionality of the law.

Jesse W. Clark, deputy revenue collector, who refused to issue the stamps, bases his stand on the fact that from which before December 1 manufactured beer of more than one-half per cent alcohol have no standing as brewers. The brewers asked Commissioner Roper whether he approved the stand of the local officials and requested an opinion, but have received no reply.

"Old beer," that is beer brewed before December 1, will be exhausted in a few days, and claiming the revenue officials lack the right to deny them stamps the brewers will place the 2 1/2 per cent product on the market without the stamps.

Every time a barrel is sold money to equal the cost of the stamps if they had been placed on the barrels will be deposited in a local bank and turned over to the Government officials when demanded. Beer thus sold will be marked "non-intoxicant."

PHILAN CRITICISES APPEAL TO PRESIDENT BY SOLONS

SAN FRANCISCO, April 7.—"Is California to send the white flag to the front?" asks Senator James D. Phelan in a statement made public last night in which he takes to task the California Legislature for appealing to President Wilson for advice on the Japanese question.

In denying the passage of legislation against the Japanese, Senator Phelan declares the legislature is failing to protect the white population of California.

"Instead of averting trouble," he said, "the legislature is inviting it. There is no violation of the treaty in the proposed land law adopted. Japan forbids and restricts ownership of her soil by foreigners. Bravo for Japan. Our legislature should have the sense and courage of the Japanese."

URGE WAR LABOR BOARD CONTINUED

Continuance of the War Labor Board as a peace time agency to settle labor disputes is being urged by many Government officials. The plans will be submitted to President Wilson on his return from the peace conference.

Former President Taft, present joint chairman of the board, has been urged to form the peace time organization, but it is understood that he desires to devote all his time to his law work.

The success of the board in dealing with labor troubles during the war, many officials believe shows that a similar organization is needed during peace time. At various times before the war special mediation commissions were named for serious disputes, but there was no board in constant session to give attention to labor disputes as they break out.

Plans are to organize the peace time board much along the same lines as the present organization, with joint chairmen representing both capital and labor, and members from the two factions.

Meanwhile Fuel Administrator Garfield is working on a plan to submit to the President, providing for a closer co-operation between labor, industry and the Government. Garfield would settle disputes by the open diplomacy method. The vast majority of the War Labor Board's work has been cleared up.

W. B. & A. WILL START EASTERN SHORE SERVICE

BALTIMORE, April 7.—The Washington, Baltimore and Annapolis Electric Railroad Company will compete with the Pennsylvania Railroad Company for the business of the Eastern Shore on the establishment of the Claiborne and Annapolis ferry service, which is expected to be in operation by May 1.

The tracks of the Washington, Baltimore and Annapolis Company at Annapolis are being rushed to connect with the ferry line when a determined effort for a share of the business of the Eastern Shore will be inaugurated.

The chief reason why Baltimore has been at a disadvantage in competing with Philadelphia is the business of the Eastern Shore has been the lack of adequate transportation facilities. The combination of the rail and water route will, it is held, eliminate this handicap considerably and enable Baltimore to make a bid for a share of the business.

ASK PRESIDENT TO BACK GREEK CLAIMS

A resolution adopted by the Greeks of this city at their independence day celebration at the Old Masonic Temple yesterday, and which will be sent to President Wilson by cable today, asks the Chief Executive to use his influence at the peace conference to free all Greek territories and islands in the possession of foreign powers and restore them to Greece on the principle of self-determination.

The Greek residents of the National Capital at a meeting and celebration of the ninety-eighth anniversary of the Greek independence under the auspices of American citizens of Greek descent who fought under the American flag and your leadership during the world war against autocracy for the liberation of small nationalities, beseech you to attend that justice will be granted to the mother of civilization, Greece, and that territories in heart and soul Greek, such as Constantinople, Thessalonica, and Minor Asia, which have been struggling for their liberation for 466 years, will no longer be left to suffer under the yoke of Turkey or other nation for "strategic" purposes, as Cyprus and Dodecanese, but will be liberated and united with their brethren of the Greek kingdom to enjoy the blessings of liberty and democracy.

The mass meeting was attended by the Greek colony of this city. Four hundred Greek-Americans who fought "over there" occupied seats of honor on the stage. Addresses were made by George Vournas, the Rev. M. Metaxopoulos, and Thomas Post.

ACE RICKENBACKER TELLS OF AIR WORK

Capt. Eddie Rickenbacker, who occupies the top rung of America's ladder of air fighters, spoke (very sparingly) of his adventures in battle with foe airmen in a lecture at Polk Theater yesterday afternoon.

"Cap'n Eddie" is entitled to carry the "scars" of twenty-six German air fighters at his belt. But, instead of telling how he got these planes, he preferred to tell of the exploits and heroism of almost every other American aviator.

He was a member of the crack Ninety-fourth American Aero Squadron, which has an official list of sixteen victories, with only fourteen losses in missing and killed. The American doughboy is the "real American ace," said Rickenbacker, and admitted that he would be "sorry" to live the life of the average doughboy.

"I used to go to the front line trenches," he said, "but after a while a doughy I would go away satisfied with the air. At least, there are no flying rats or cooties, and the sky is free from mud holes." Rickenbacker, in describing his first air battle, declared that it was the "supreme thrill" of his career, and he spoke with reverence of American birdmen who had fallen in battle.

A. J. Bargagli, city fireman, 212 K St. N. E., says: "At different times I have used Doan's Kidney Pills with the best of results. My back was giving me a lot of trouble last winter, and I could hardly stoop over to put on my shoes in the morning because of the sharp pains. My kidneys acted too often and the secretions were unnatural. I suffered from severe headaches, too. Two boxes of Doan's Kidney Pills from Laddon's Drug Store cured me of the attack."	Mrs. Mary C. Jones, 484 L St. S. W., says: "I know the value of Doan's Kidney Pills and always recommend them to anyone I hear complaining of kidney trouble. I had attacks of kidney complaint and suffered intensely with acute pains in the region of my kidneys and for days I was so lame and had such misery in my back I could hardly get about. My kidneys didn't act right and there were other distressing symptoms of kidney trouble. I have always used Doan's Kidney Pills for these attacks and they have given me prompt relief."	George G. Warren, 3219 Grant road N. W., says: "My kidneys troubled me, and I think it was caused by a strain I received when lifting. It was just awful the way my back pained me for five or six weeks. I was given a trial box of Doan's Kidney Pills and that proved so satisfactory I bought a supply. I used five boxes of Doan's Kidney Pills and I felt as if I had a new back. The trouble disappeared and I felt strong and fine."

Mrs. George H. Hazell, 618 E St. S. E., gave the following statement November 30, 1918: "I have used Doan's Kidney Pills off and on for a number of years. I work pretty hard and think that is what weakened my kidneys and brings on the attacks. Often the pains are very severe in the small of my back and I find it difficult to stoop over. I am nervous and easily excited and my feet swell badly, caused by the irregular action of my kidneys. I always use Doan's Kidney Pills at these times, which I get at O'Donnell's Drug Store, and am fixed up in fine shape."	C. E. Mangiltz, 419 Virginia Ave. S. E., says: "I am always glad to recommend Doan's Kidney Pills, for I know what they will do. For years I had been having pains in my back, and bladder trouble. I certainly was in bad shape. The action of my kidneys was irregular and I suffered terribly in passing the secretions. My back hurt me, too. I used different remedies, but nothing did me any good until I used Doan's Kidney Pills. In a short time I was greatly relieved."	Mrs. George E. Truman, 506 Tenth St. S. E., gave the following statement December 5, 1912: "I gladly recommend Doan's Kidney Pills to anyone who has kidney trouble, for they are just as advertised. I was in an awfully bad way. It was more bladder trouble than anything else and my kidneys acted irregularly. I used Doan's Kidney Pills and was cured. I haven't had a sign of kidney complaint since."
On November 13, 1918, Mrs. Hazell said: "I can recommend Doan's Kidney Pills to anyone in need of a kidney remedy. Doan's cured me of a severe case of kidney trouble and I can't praise them too highly."		On November 14, 1918, Mrs. Truman said: "My kidneys seldom trouble me now, but my faith in Doan's is as strong as ever. Others in my family have used this medicine, too, and with the best of results."
